## AMBULANCE IN CRASH ENROUTE HERE FOR MAN

The United States Navy and Army tangled and a Marine was delayed in a trip to Philadelphia when two cars and an ambulance collided at Heidelsburg Saturday.

State police said Robert D. Kessler, 29, Camp Hill, was driving a U. S. Navy ambulance south on the Gettysburg-Harrisburg Rd. late Saturday morning enroute from Mechanicsburg Naval Supply Depot to the Warner Hospital.

At the hospital here Kessler was to pick up Roger A. Walker, Quantico, Va. Walker had suffered contusions of the left eye, fracture of the left arm, possible fracture of the ankle and abrasions when his car rolled over early Saturday morning east of Taneytown. He was removed first to the Warner Hospital and when naval officials were notified they said they'd send an ambulance to remove Walker to the Naval Hospital at Philadelphia.

Hit Captain's Car

Kessler was enroute to Gettysburg on that duty when, according to the police, his ambulance came upon the car of Jack D. Starnes, 37, Niagara Falls, N. Y., also headed south. Kessler sounded the siren of the ambulance, the officers said. Starnes, hearing the siren and seeing the blinking lights of the ambulance behind him, tramped on his brakes and then headed for the berm of the road to clear the way. In the meantime the ambulance was close to the rear of the Starnes car and when Starnes braked, Kessler had to brake to avoid hitting the rear of the New York vehicle. The ambulance skidded on the wet highway, and its rear struck a north-bound car driven by Army Captain John E. Scanlon, 31, of San Antonio, Texas. Capt. Scanlon's car, knocked out of control by the impact, then struck the rear bumper of Starnes' auto which was by that time parked off the highway. Damage was estimated at \$300 to the ambulance, \$1,500 to Scanlon's sedan and nothing to Starnes' car. No one was injured, and the ambulance was able eventually to remove Walker to Philadelphia.

## TWO INJURED AS CAR AND TRUCK COLLIDE SUNDAY

Two men were injured when a Sunday paper delivery truck and an auto collided five miles west of Fairfield on the Emmitsburg-Blue Ridge Summit Rd. at 5:25 o'clock Sunday morning.

State police said Winson Hershey, 46, Columbia, Pa., was operating a Kay News Agency truck, from Lancaster, toward Blue Ridge Summit when he saw a car coming toward him.

Hershey, according to police, first pulled his truck off the side of the road to avoid the oncoming car, then realizing that such a move still would not save his vehicle, sought to cross the road to the opposite side to avoid the onrushing vehicle.

Driver Faces Charges

The newspaper deliveryman was unable to get his vehicle far enough out of the road before the east-bound sedan, driven, police said, by Glenn Benchoff, 40, Greensboro, smashed into the truck.

Damage was estimated at \$500 to the car and \$600 to the truck. Benchoff was treated by Dr. James Hammett, Fairfield, for contusions of the forehead, lacerations of the left eyelid and abrasions to the knees. Hershey was treated for contusions of the ribs.

Police said they will bring a charge of reckless driving against Benchoff.

## SIMPSON WILL TAKE TRUCK OF TOYS TO BOYS

(See Photograph on Page 7)

A truck load of more than 80 toys, bicycles, tricycles, wagons, scooters and toy vehicles of all types, will leave here early Christmas morning to be delivered to the children of the Paradise Agricultural School at Abbottstown—through the generosity of Ernest H. Simpson, a number of other individuals and concerns and "the general public."

The articles a few weeks ago were second-hand—used by other children—and many were without parts, or were broken in some fashion.

Taking part for the fifth year in the program sponsored by Ernest Simpson, he, his employees and others worked night after night to renovate the toys. New parts were placed, paint was applied and, Simpson said today, "We have the finest collection of toys for the youngsters in years. They look and are as good as new."

Helping in the renovation of the Christmas gifts were two youths from the Agricultural school, Samuel Shonefelter, who will graduate this year, and William McGinley. The two were described by Simpson as "good bicycle mechanics" and will be in charge of repairs of the vehicles "to keep them running throughout the year." Both aided in the work here Saturdays, and

## Festive Mood In Jerusalem Wiped Away By Troubled Times

By ROBERT TUCKMAN

JERUSALEM, Israeli Sector (AP)—This is a somber, almost sad Christmas in the Holy Land.

The recent hostilities in the Middle East appear to have wiped away the festive mood.

Even as Christian pilgrims gathered in Jerusalem, an Israeli army spokesman reported a raid by Jordanian infiltrators. He said they wrecked a dispensary in a village in northern Israel with a time bomb.

In Jerusalem, the divided holy city where barbed wire fences separate Arab and Jew, Arab Legionnaires and Israeli soldiers maintained frontier watch from sandbagged rooftops.

Only 1,700 Pilgrims

Authorities expected only about 1,700 pilgrims to cross today from the Israeli sector of the city into Jordan through the Mandelbaum Gate for the annual Christmas Eve services in Bethlehem's Church of the Nativity and nearby Shepherds' Field. Usually 7,000 to 10,000 make the pilgrimage. Most of the pilgrims are Christian

## THREE ADMIT BURGLARIZING VFW HOME HERE

State and borough police today said three men in custody at York have admitted burglarizing the Veterans of Foreign Wars home on E. Middle St. on November 24, and a Sunoco station near here on the Lincoln Highway.

Local police said the three, Angelo Di Giano, 29, Cambridge, Mass.; William Joseph Foley, 20, Dorchester, Mass., and Donald E. Heidler, 22, York, admitted to the local burglaries along with "more than a dozen" similar felonies throughout York County.

York police became suspicious of the three men, according to officers here, when the three apparently slept all day and drove around all night in a rented car.

Entered Through Door

The officers began to watch the three more closely and finally while checking the rented car, discovered various articles which tied in with burglaries reported in the area. They picked up the three and the men apparently readily admitted to a number of burglaries, including the ones in Adams County.

York officers then notified the state and local police here and the officers went to York Saturday afternoon where the men spoke freely of their implication in the two burglaries here.

Borough police quoted the three as saying they obtained \$125 in cash from various coin operated vending and amusement machines they opened after entering the VFW home on E. Middle St. They also admitted removing about 20 fifths of whiskey from the bar at the VFW.

According to the three, they drove "into a field" beside the VFW about 4 o'clock on the morning of November 24 and found a door they could open. Entering in that fashion they ransacked the building, breaking into machines as they found them, opening drawers and searching generally for money. When they had secured all of the funds they thought they could locate, they scooped up whiskey and removed it as well.

## IRAQ PREMIER WARNS EGYPT IT WILL RULE SELF

By DAVID MASON  
BAGHDAD, Iraq (U) — Premier Nuri Said, Iraq's 68-year-old strong man, has served notice on Egypt and its "satellites" that the Iraqis themselves will determine what is good for them.

Iraq has been attacked frequently by Egypt, Syria and Russia for its membership in the Western - supported Baghdad Pact, which also includes Britain. The attacks have been stepped up since the British-French attack in the Suez Canal zone.

Said called one of his rare news conferences yesterday to fire a counterblast. His eyes flashing, he called Egyptian President Nasser a dictator and said, "There is no cause for him to criticize Iraq."

He said that the decision on whether Iraq adheres to the Baghdad defense treaty is a question within Iraq's sovereignty adding:

**Make Own Decisions**  
"Iraq — the Parliament, public opinion and the politicians — they are the right people to say whether the treaty is a good or bad thing for them."

The Premier recently defended the pact strongly as a shield against aggression. Other members beside Iraq and Britain are Turkey, Iran and Pakistan. Asked whether he thought the United States should join it, he said:

"It was your idea in the first place, and I had a long talk about it with Mr. Dulles and Mr. Stassen. I couldn't understand why you didn't join."

Iraq was put under martial law Nov. 1 to counter antigovernment and anti-British sentiment in the oil-rich country.

Said contended the main problem in the Middle East settlement is the plight of the Arab refugees from Palestine.

"The one million refugees have no hope," he said, "They are waiting to see some justice done."

**Will Oppose Conference**  
Arab diplomatic sources in Damascus, Syria, said that Syria, Egypt, Jordan and Saudi Arabia had agreed to turn down Iran's invitation for a Middle East conference on disputes among Moslem states.

Informants said the four thought such a meeting would serve no purpose and might affect their policy of participating in no conference "aimed in fact at weakening their immunity from aggressive foreign pacts." Iraq, Turkey and Pakistan have accepted Iran's bid.

## NEXT DECADE IS PROBLEMATIC: PEACE OR DANGER

WASHINGTON (U) — Secretary of State Dulles says the second postwar decade holds great promise for peace "but it also may prove to be another decade of danger."

Statements by Dulles and a number of other non-Communist world figures were published under copyright today by the magazine U. S. News and World Report, which had asked them to assess prospects for peace.

Most of them foresaw a decreasing likelihood of major war, but two — Prime Minister R. G. Menzies of Australia and President Syngman Rhee of South Korea — took an opposite view.

"I think that the risks of a major war have been somewhat increased by recent events in the Suez Canal," Menzies said. "I do not think that all these matters add up to a probability of world war in 1957."

**Dangerous Situation**  
Rhee said the world situation before. "The Communists' pressure for expansion is not less but greater."

Dulles said the Soviet world is showing "stresses and strains" stemming from demands for more individual freedom which he said will prove "in the long run irresistible." That, he said, creates a danger.

"When a despotic regime, possessed of great military and material power and subject to no moral inhibitions, encounters such difficulties as now beset the Soviet rulers," Dulles said, "they may take risks in the hope of gaining external successes — economic, political or territorial — to offset their frustrations."

Premier Christian Pineau of France said hopes for peaceful co-existence "have been so rapidly dissipated in a few weeks that the fear of a world war has spread once again throughout the world."

Cautioning against too hasty a judgment, Pineau said he thinks war will be avoided if a unified West "behaves with realism and composure." He said he thinks the Soviet government "dreads the frightful effects of an atomic war as much as we do."

Among the other expressions of opinion:

Prime Minister David Ben-Gurion of Israel: "In spite of the great tensions which exist in more than one quarter of the globe, the peace of mankind can be maintained if the free forces of the world effectively unite and organize themselves."

President Ngo Dinh-diem of South Viet Nam: "Whether peace will prevail in 1957 depends on how strong and watchful the free world will be in regard to the Communist bloc."

Foreign Minister Heinrich von Brentano of West Germany: "I think that international tension as it existed during the last weeks has relaxed."

## BLIND GIRL TO GET NEW DOG FROM RAILROAD

WASHINGTON (U) — A blind North Carolina girl whose guide dog was killed by a Southern Railway train will get a replacement for him as a gift of the company.

"Merry Christmas — and a happier new year," Southern President Harry A. DeButts wrote the girl, Ellamiae Peck of Olivet, N. C., now a student at Western Carolina College at Cullowhee, N. C.

DeButts told Miss Peck the railway would underwrite the cost — which the firm said will be about \$1,250 — of obtaining and training a new guide dog.

**Won't Be The Same**  
She had written DeButts seeking assistance in replacing a dog who frisked to his death beneath a Southern train near Olivet early this year.

"I would like to get another guide dog," she wrote, "even though another dog will never mean the same to me as my dog Major. . . I am sure if you realized what my dog meant to me, that you would not hesitate in helping me. . ."

**Dog's First Train**  
Southern said Miss Peck will choose her own German shepherd dog and make arrangements for attending a guide school. It suggested she might want to make sure his schooling includes a course in the cautious approach to freight trains.

She had written DeButts that her other dog had never seen a train before the day he was killed. "Had he known what a train was," she said, "I am sure that he would have stayed off the tracks."

## NEHRU GOES TO LONDON TALKS

LONDON (U) — India's Prime Minister Nehru arrived today for talks with Prime Minister Eden.

Nehru came to Britain after private conversations with President Eisenhower in Washington and Gettysburg, and Canadian Prime Minister Louis St. Laurent in Ottawa. He flew here in the President's private plane.

At the airport, Nehru called for renewed efforts in this Christmas season to bring peace to the world.

Nehru reaffirmed his ties with the Commonwealth while in Canada.

He appeared content that his eight-day mission to the United States and Canada had been a success.

On his way home he plans to see West German Chancellor Konrad Adenauer briefly. He is due in New Delhi Dec. 30 to receive another call from Chinese Communist Premier Chou En-lai. Chou visited Nehru just before the Prime Minister's departure for the United States, causing speculation that Nehru was acting as a go-between to smooth over the long-smouldering disputes between the two countries.

Ladies lunch: turn creamed crabmeat into seafood shells and top with finely diced green pepper and bacon; place under the broiler.

## "BOY MAYOR OF BURNHAM" DIES

CHICAGO (U) — John Patton, who had a 43-year career as a "Boy Mayor of Burnham" — a Chicago suburb — and was known as one of gang boss Al Capone's associates, died yesterday at his farm home in Elletts Park, Ind. He was 73.

Five years ago Patton admitted before Sen. Estes Kefauver's (D-Tenn.) crime investigating committee that he had known Capone and other hoodlums. However, Kefauver learned little else from him.

Patton opened a tavern in Burnham in 1907 and was elected village president the same year. He was regularly re-elected and held office during Capone's heyday when Burnham, as well as nearby Cicero and Stickney, acquired a reputation as centers for mobster activity.

Patton was known as the "Boy Mayor" even past middle age and retired as village president in 1949.

Survivors include his widow, two sons and two daughters.

IN TEST JUMP  
AS BAND MEMBER

A/2C Kaye A. Murtorff, member of the Air Force's only all-WAF band, recently jumped from the Air Force's only parachute training tower, located at Lackland Air Force Base, Texas. The jump is the final step, and it's a long one, in the program for adjustment and use of the parachute.

Special arrangements had to be made for the all-WAF unit to participate in the parachute training

Miss Murtorff

project, designed as a confidence course for pre-flight cadets. Since band members spend as many as 70

hours aloft in a month, base authorities agreed that the course was warranted.

Although all band members were required to take instruction on proper fitting of the chute and positions for jumping and landing, the jump was not mandatory. All band members, however, were eager to take advantage of the entire program. The training has prepared the WAF to meet most situations encountered in evacuation of an aircraft, and has helped them to become psychologically ready for that first real jump should it ever become necessary.

Reactions of band members differed as they plunged from the training tower. Somewhat shaken but thrilled with the ride, many compared the safe-but-scary jump to a giant roller coaster. Some, including Airman Murtorff, were ready for a second try.

Airman Murtorff is the daughter of Mr. and Mrs. Guy E. Murtorff, Gardner R. 2.

## Mobile Display And Gingerbread House Are Library Xmas Specials

Christmas trappings of a unique nature at the Adams County Free Public Library are helping to spread the yuletide spirit among users and employees, because of the thoughts which accompanied the holiday gifts. A frosty white candy confection of a gingerbread house and a fascinating mobile on an old Christmas carol are attracting attention there during the holiday season.

Portraying the numerous characters of the carol "The Twelve Days of Christmas," a precise and well-balanced mobile, designed, carved and painted by James D. Pickering, instructor in English at Gettysburg College, represents the artistic approach to Christmas, obviously done with finesse and "sweat-of-the-brow" work for his wife and two young boys as a lasting Christmas tradition for their home. Several enthusiastic neighbors of the Pickering's, who live at 237 W. Lincoln Ave., after seeing the detail work of the mobile, urged the county librarian, Mrs. Mary S. Wilson, to exhibit the mobile for all library users to enjoy during the Christmas season.

As in the famous carol, the three- to four-inch characters which are assembled in the mobile are from the top of the mobile to the bottom: a partridge in a pear tree, two turtle doves, three French hens, four

calling birds, five gold rings, six geese a-laying, seven swans a-swimming, eight maids a-milking, nine pipers piping, ten drummers drumming, eleven lords a-leaping and twelve ladies dancing.

The mobile is composed of twelve segments, each segment composed of the number of characters in each character grouping. All segments are connected by wire and string. The entire mobile is hanging from the ceiling near the staircase in the hallway of the library.

The characters in each segment are constructed of posterboard and handpainted with watercolors on each side of their flat surface to give them dimension, while each grouping of characters hangs from a free form of balsa wood to form the individual segment.

A mobile is a form of sculpture which moves. It is an attempt to reproduce motion and form out of forms suspended in space which orbit about each other.

Gingerbread House

A frosted white gingerbread house studded with bright colored hard candies and gumdrops "designed to bring fairland closer to mind and heart" is displayed on the loan desk at the library. Donated by Mrs. Gertrude Lott, of near York Springs, the confection is a true Christmas house and, according to the story attached to the house, "if you look closely and listen carefully, you may see and hear Christmas fairies who live in it." Mrs. Lott made the gingerbread house.

A maze of white icing, the front of the house has its doors and windows etched in frosting and tiny silver balls. Two French lollipops form a floral decoration on either side of the house. The doorway is licorice with side steps of non-pareils. Gum drop trees stand in front with shrubbery of large mint green gum drops. Red and white peppermint candy canes are the lamp posts on either side of the walk leading to the door. More of the heavy white frosting is spread thickly to construct the roof and drips into icicle formation all along the roof's edge. A gay candy fence surrounds the house and a chimney issuing cotton smoke stands on the roof.

## Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

**ONE HUNDRED YEARS AGO**  
Gettysburg: On Wednesday morning fire was discovered in one of the rooms of Pennsylvania College, upon the third floor. A hole a yard in diameter had been burnt in the floor, extending through to the joist. But for the timely discovery, the consequences might have been serious. The fire is supposed to have originated from a spark from the stove — the consequence, we presume, of the carelessness of the occupant, who was sleeping in an adjoining room.

The Orphans' Court will meet Tuesday next, at which time the new Associate Judges will take their seats.

**Littlestown Railroad:** We learn that the stockholders of this road have it in contemplation, shortly, to lift their charter, and organize the company. The subscription, we understand, already amounts to \$42,000, which is more than required to make the road.

They have had already a very severe winter to the North. In Western New York the sleighing has been splendid since the 3d inst. The canal is effectually closed.

**From The Star:** Attempt at Incendiarism: On Monday morning last, Alex. Frazer, upon going up to wind the Town Clock, on the courthouse, found upon the garret of the courthouse a pile of combustible materials, paper, chips, tar-rope, &c., with a cigar partially consumed in the midst of them. It is supposed that some person entered the courthouse by one of the windows after night, forced the door leading to the garret, and placed the materials there with an intention to fire the courthouse. The materials were not there some four or five days previous, when Mr. Frazer had been last up at the clock.

**SEVENTY-FIVE YEARS AGO**  
Christmas: For the first time in ten or eleven years we have had a "green" Christmas — neither snow nor ice, with mild temperature. Sunday was a bright pleasant day; Monday, which was generally observed as a holiday, cloudy and rainy. The services in the different churches all had special reference to the nativity of the Saviour, some of the churches being decorated with green.

The various schools commemorated the occasion by special exercises. On Monday night, notwithstanding the rain, St. James Church was crowded, the Sunday Schools having made elaborate preparations for the celebration.

The Methodist Sunday School also had interesting exercises on Monday night the room being handsomely lit up with colored lanterns and candles. These were speeches, recitations and singing, followed by the distribution of baskets filled with candles.

**Local Items:** A monument is to be erected at Mt. St. Mary's College to the memory of Dr. McCloskey, to cost \$333.

**Daniel O. Gehr** has been re-appointed postmaster at Chambersburg.

Dr. James M. Shearer died at his residence in Dillsburg on the 14th inst.

Harper's Weekly contains a portrait and brief biographical sketch of Hon. Edward McPherson, clerk of the house.

Hon. M. G. Urner has introduced in the House of Representatives a bill for the erection of a monument to Francis Scott Key, author of the "Star Spangled Banner," whose remains lie at Frederick, at a cost of \$5,000.

The normal school of J. Curtis Hildebrand, at East Berlin, will re-open March 27 for a term of 16 weeks. Mr. Hildebrand is an experienced and successful educator. As the number of pupils will be limited, those desiring to enter should apply early.

**New Oxford Items:** Christmas has come and gone. The Sunday School of the Lutheran Church of New Oxford held its anniversary on Sunday evening. For several years the school has taken great interest in these exercises and have displayed

## Today's Talk

**YOUR NEWSBOY**  
I worked part of my way through College at Ottawa, Kansas, by selling newspapers on the street, and so did many other boys. It was great fun and got each boy a friend in the town, no matter to whom he delivered his newspaper. Never were newsboys treated finer than by the people of this beautiful Kansas College town. We all delivered about a thousand Kansas City papers daily.

I was recently honored with a card from the Minneapolis Star and Tribune, as an honorary member in their Press Club of former and present paper route newspaper carrier salesmen. An amazing number of successful men were once newspaper carrier boys. They number into the thousands. I once received a most interesting letter from Governor Thomas E. Dewey telling of his experience as a newspaper boy in Michigan.

Your present newsboy may sometime be up for high office, as have been many over a long period of years, and you may have the opportunity to vote for him later on! No boy was ever too unimportant or proud to be an efficient newspaper carrier boy. I have never talked with one who didn't look back upon his carrier days as an experience he would like to live over again.

There is something fascinating about the distribution of news, no matter what its character, whether by carrier, telegraph, telephone, airplane, radio or TV. To have even a small part in the process is a pleasing thing. In the earlier days most newspapers were distributed by newsboys. Rarely any more is that cry of EXTRA! called upon the city streets.

To the memory of some will come back those early paintings of the newsboy by J. G. Brown. And by the same painter, those interesting pictures of the bootblack. What pleasant memories are possible to us all!

Tomorrow Mr. Adams will talk on the subject: "The Telephone"

## Just Folks

**MERRY CHRISTMAS**

These are gifts I'd like to make:

Health for all the pale and sickly;

Where a precious hope's at stake,

End of fear of failure quickly;

Children's laughter all day long;

Right to take the place of wrong.

Comfort where there now is pain,

Smiles where bitter tears are falling;

Faith that would the heart sustain,

Santa on all children calling;

Stockings filled with toys that glitter,

Pleasant thoughts which now are bitter.

Could I do it, I'd replace

Fear with hope of joy tomorrow,

And from every troubled face

I'd remove the stains of sorrow.

And, I'd shout with every call:

"Merry Christmas, one and all!"

## MOTHER AND 4 DIE IN FLASH FIRE IN CONN.

MERIDEN, Conn. (AP)—A flash fire that swept a five-story down-

town apartment building killed a mother and four of her children last night.

Another child was injured critically while her husband and her 20-year-old son were overcome by smoke. An uncle was badly hurt when he jumped through a closed window just as firemen reached his bedroom.

A policeman climbed dangerously close to flames licking out the rear of the building to rescue nine occupants. He heard others screaming for help, he said, but was unable to reach them.

**Victims Identified**  
"It was horrible," said patrolman Walter France. "You don't know how it feels to hear the people screaming and know there's nothing you can do."

The dead were identified as Mrs. Emilia Morales Rio, 39, her daughters, Gladys, 17, and Isobel, 6; and her sons, Eddie Nelson, 4, and Eddie J. A medical examiner said they suffocated.

The critically injured child was identified as a 5-year-old son, Anibal. The other of the children is a 20-year-old son, Jose. Both he and his father, Luis, 41, were hospitalized because of smoke poisoning. Their conditions were not critical.

The uncle, Albert Morales, 23, suffered a possible fractured spine possible fractured ribs and deep cuts of his feet and legs in his leap through the window.

## BOALSBURG MAN KEPT ALIVE BY 65 PTS. OF BLOOD

BOALSBURG, Pa. (AP)—Chris-

mas 1956 will hold special meaning for Robert W. Johnson who attained the day because of 65 gifts of life from his friends—their blood.

The 41-year-old Johnson, who has lived in this Centre County community since 1945, is battling for life against leukemia — incurable cancer of the blood.

Some 65 times through the year Johnson journeyed to the nearby Bellefonte Hospital to receive a pint or more of whole blood to carry him a few days further until another transfusion was needed.

**40 Real Friends**  
And at this finest time of the year he has a gift few others receive—a list of more than 40 names of people who have given and will give him part of their life's fluid that he may continue to live.

A red-haired, six-foot, four-inch man—now only a shadow of his former 235 pounds—Johnson will celebrate Christmas in the manner of his Swedish forebears with smorgasbord, carols and services tonight at nearby State College's Grace Lutheran Church.

In return for the gift of life Johnson is making a full-scale battle of his fight against the disease by living as normal a life as possible between hospital visits.

"It would be easy to give up, but I don't want to do that," says Johnson. "It's better this way."

**Goes Back Wednesday**  
Wednesday Johnson will return to the hospital for another transfusion.

In charge of the machine shop at the Naval Ordnance Research Laboratory on the Pennsylvania State University campus, Johnson manages to average about four days of work each week.

Perhaps that is his tribute to the people who have given him more days of life.

**Must Be "Given"**  
"Blood is something some persons must give—you can't get it any other way and that is why it is so precious to us," said Johnson's wife, the mother of his two sons, Robert, 13, and Craig, 9.

"We're indebted to so many people for helping out," she declared.

"We have every faith in the future," said Mrs. Johnson. And the persons on Johnson's list have faith to use the blood of their lives to continue his.

### "MY CHRISTMAS DREAMS"

If the Christmas dreams inside my heart . . . were mine to give away . . . I'd turn each one into a rose . . . and form a sweet bouquet . . . I'd fashion flowers of true love . . . and scatter them around . . . so they would make a smoother road . . . for those on shaky ground . . . I'd gather blossoms of good will . . . and place them in each heart . . . where they would stifle weeds of hate . . . and tear sadness apart . . . with these I'd sow some treasured seeds . . . faith, hope and charity . . . for flowers such as these will grow . . . and live for time to be . . . what better things could I bestow . . . what better gifts to give . . . than that which helps mankind endure . . . and makes life great to live . . . it may be wishful thinking . . . but my heart truly gleams . . . whenever I can give away . . . some of my Christmas dreams.

## YUGOSLAVIA AND USSR STILL ARE UNCOMFORTABLE

By THOMAS P. WHITNEY

NEW YORK (AP)—Even as friends, the ruling regimes of the Soviet Union and Yugoslavia are acutely uncomfortable with each other.

As a result these two Communist governments alternate between left jabs and a wary game of pat-a-cake.

Take a recent example: On Dec. 19 the Yugoslav Communist newspaper Borba published the full text of an article from the Soviet Communist party's Pravda, while declaring that, "as regards its ideological, intellectual and moral qualities, the article does not deserve to be reprinted."

**Swat And Carass**  
Borba accused the Soviet regime of hiding facts from the Russian people. The Belgrade radio called the Pravda piece, which of course reflected the official Soviet view, "malicious and tendentious."

Just two days later an official Yugoslav spokesman declared ideological differences need not cause official governmental relations between the two nations to deteriorate. He said Soviet-Yugoslav economic relations are developing normally.

Thus a swat on one Soviet cheek and a carass on the other.

## DENIES DELAY IN AIR SERVICE FROM OVERSEAS

MCGUIRE AIR FORCE BASE, N.J. (AP)—The general who bosses transatlantic military air travel denies servicemen coming home for the holidays are delayed in Europe because planes are used to fly Hungarian refugees.

Maj. Gen. Emery S. Wetzel, who heads the Atlantic Division of the Military Air Transport Service, said yesterday the delays have been caused by bad weather in Europe and the United States.

"American service personnel in Europe are not being delayed in their return to the United States as a result of the airlift of Hungarian refugees," Gen. Wetzel said.

"The bad weather which had plagued the scheduled arrivals of refugees and similarly affected service personnel traffic home-bound for Christmas had finally improved."

**Will Carry All**  
Yesterday's flight departures from Rhein-Main, Germany, he said, were expected "to clear all of the remaining American servicemen and women scheduled to be flown out before Christmas by MATS planes."

Wetzel made the statement after S.C. Lewis F. Tyner of Indianapolis wrote his parents that Hungarian refugees were being given plane priority over U.S. servicemen and he and other soldiers were being held at Frankfurt for lack of plane space.

An Air Force spokesman in Washington also denied that American servicemen were "bumped off planes to make room for Hungarian refugees."

Wetzel said a number of home bound American servicemen were being originally scheduled to travel by sea from Bremerhaven, Germany, and who were diverted to air movement a few days ago, will also be en route today on flights to this base.

## Elderly Sub Is Up For Sale By Navy

BALTIMORE (AP)—The Navy has just the answer for the last-minute Christmas shopper who's looking for something out of the ordinary.

For the man with an extra \$75,000 or more, the Navy is offering for sale the USS Pike, a 21-year-old submarine. Bids must be received or postmarked before 10 a.m. Jan. 8.

Here the catch. The buyer must move the sub from the naval reserve training center within 15 days after the sale and must guarantee to have it scrapped within one year.

## ESCAPES FROM JERSEY PRISON BUT IS CAUGHT

TRENTON, N.J. (AP)—Marion J. De Lucia, serving time for a series of burglaries, faced the possibility of a lengthened sentence after becoming the first man to break successfully from state prison in 25 years.

The 37-year-old convict, after five years of planning, slipped away from the century-old prison in the fog early Saturday. He was recaptured 14 hours later.

De Lucia was to come up for parole in two years. He has spent nine years of a 32 to 47 year sentence.

**Sick, Cold, Hungry**  
But Warden Lloyd McCorkle says disciplinary action now will be brought against him in the prison and Mercer County Prosecutor Mario Volpe will present the case to a grand jury.

The warden said De Lucia was "sick, cold and hungry" when spotted by a man 12 hours after the break in North Trenton, some three miles from the prison.

The escapee surrendered meekly to the guards, state troopers and local police who surrounded the area. He was brought back about midnight.

According to the warden, De Lucia gave two reasons for breaking out:

**Sought Health And Honesty**  
He wanted to "improve his health." One kidney was removed. The other was weak, and he had the idea he should be in one of the best hospitals, McCorkle said.

He wanted to "do something about his case." It currently is being appealed in the state courts. McCorkle said De Lucia planned to get out of the state and become "an honest workman" somewhere.

McCorkle gave this account of the break, from what De Lucia told him:

**"Dry Run" Last Week**  
The prisoner, a Trenton resident, started planning the break ever since he was put in the cell in wing six five years ago.

He decided to make the break at various times the past several years but some condition was not right each time.

Last Thursday he took a "dry run."

Friday night fog closed in over the city. De Lucia decided the time was right and started at midnight.

He wadded his bedding into a lump to look like a sleeping form. Then he pulled a toilet from the wall, an easy job since the bolts had rusted. He climbed up a utility passage 40 feet high and broke steel bars at the top where the weld was poor.

**First Since '31**  
Wiggling his greased body through an 8-by-12 inch opening, De Lucia crawled over rooftops to the Third Street side.

Near his goal after five hours of work, De Lucia was spotted by a guard who fired a shot and missed.

"It's now or never," the prisoner said to himself. He slipped down a rope blanket to the street and made off in the fog as the prison sirens wailed.

Convicted murderer John Vaziorich nearly escaped from the prison in April 1954, but he was cut down by machine gun bullets before he got over the wall. The last successful break was in 1931.

## Liberalized Fishing Will Be Effective In Pennsylvania On January 1; Adopt New Policy

HARRISBURG, Pa. — The full impact of the Pennsylvania Fish Commission's policy toward liberalized fishing will be ushered in with the New Year, according to a statement today by William Voigt Jr., executive director of the commission.

"For the first time since before the turn of the century when fishing regulations were first effected in this state, all fish except trout from the open waters of the Commonwealth may be taken by our fishermen during the early weeks of the year," said Voigt.

Also emphasized was the simplification and uniformity of size, season, creel limits and other regulations attained for the Delaware River, Lake Erie and Pymatuning Lake as a result of conferences with the fisheries administrators of New Jersey, New York and Ohio.

Following are the size, season creel limits and regulations, in part, applicable to the inland waters of Pennsylvania for 1957:

**Trout Season**  
Trout (except lake or salmon) — 5 a.m. April 15 to midnight September 2; minimum size, 6 inches; daily limit, 8.

Trout (lake or salmon) — same as above except there will be no minimum size, and the season closes November 30.

## REDS STRETCH HOCKEY LEAD; DEFEAT BEARS

By THE ASSOCIATED PRESS

The defending champion Providence Reds have finally put a little light between themselves and their hottest foes in the tight American Hockey League race.

Ken Davies whipped in a goal for the Reds at 2:37 of an overtime period last night, as Providence defeated the second-place Hershey Bears with first place at stake. The Reds now are four points in front of the Bears.

In other games, the third-place Cleveland Barons lost ground by bowing to Buffalo 4-2 and Rochester beat Springfield 4-1.

**Ends String**

Davies' clincher came after teammate Ray Cyr kicked the disk out to him from behind the Hershey goal. The Reds had to come from behind twice to knot "the game before Davies' 10-foot shot.

Buffalo ended a string of four losses to Cleveland as Pete Conacher broke a 2-2 tie near the end of the second period. Lou Jankowski and Don Carter gave Buffalo an early 2-0 lead before Jimmy Moore and Fred Glover tied it up.

Rochester took its fifth straight game from Springfield after trailing 1-0. George Bouchard put the Indians ahead but two goals by Bronco Horvath and single tally by Earl Balfour and Ab McDonald handed Springfield its 10th consecutive loss.

**Other Starters**

University of Miami's All America fullback Don Bosseler will work his accustomed spot in the Rebels' backfield, which musters quarterback Don Orr, Vanderbilt; Ed Crawford of Mississippi at left half and Bill Barnes of Wake Forest at right half.

The South's starting forward wall was listed as Buddy Frick, South Carolina, and Buddy Back, Duke, at end; Art Demmas, Vanderbilt, and Charlie Hutchings, Miami, at tackle; John Barrow, Florida, and Tony Cushmanberry, Georgia, at guard; and Mike Hudock, Miami, at center.

## FLAM TO PLAY ON WEDNESDAY

ADELAIDE (AP) — California's Herbie Flam definitely will join Vic Seixas as America's singles hope Wednesday when the Davis Cup Challenge Round gets underway. Coach Bill Talbert announced today.

The draw for the 45th renewal will be held at 2:30 a.m. (EST) Christmas day. Cup play begins Wednesday afternoon and ends Friday.

After watching Flam whip through a stiff practice session against pro star Tony Trabert, Talbert said there was no doubt in his mind about Flam's ability to go the distance against either Lew Hoad or Ken Rosewall.

"There never was any doubt as far as I was concerned," Talbert said. "Herb was favoring his leg yesterday only because he did not want to hurt it. But he looked fine today and I could not be happier about him or Seixas."

## RIVAL COLLEGE ALL-STAR 11'S IN FINAL DRILLS

MIAMI, Fla. (AP)—Rival college all-star eleven snap through final training sessions today for the North-South football game, first major sports spectacle of the Orange Bowl's holiday season program.

North coach Duffy Daugherty of Michigan State planned about two hours offensive - defensive work and Vanderbilt's Art Guepe, coaching the South team, ordered more drill in all phases of the passing and kicking game.

The North squad—favored by a touchdown to win its second victory in nine annual games—chose center Jerry Tubbs of Oklahoma and quarterback Len Dawson of Purdue as cocaptains.

**Starting Lineups**

Daugherty said his starting backfield would be Dawson at quarterback, Michigan State Dennis Mendyk at left halfback, Tommy McDonald of Oklahoma at right halfback, and Jimmy Harris regular season quarterback for Oklahoma, at fullback.

The North line will include Purdue's Bob Kheonle at left end, Penn State's Jack Calderone, left tackle; Michigan's Dick Hill, left guard; Michigan State's John Matsko, center; Boston College's Tony Quintillani, right guard; Illinois' Dave Walker, right tackle; and Michigan State's Jim Hinesly, right end.

University of Miami's All America fullback Don Bosseler will work his accustomed spot in the Rebels' backfield, which musters quarterback Don Orr, Vanderbilt; Ed Crawford of Mississippi at left half and Bill Barnes of Wake Forest at right half.

The South's starting forward wall was listed as Buddy Frick, South Carolina, and Buddy Back, Duke, at end; Art Demmas, Vanderbilt, and Charlie Hutchings, Miami, at tackle; John Barrow, Florida, and Tony Cushmanberry, Georgia, at guard; and Mike Hudock, Miami, at center.

## Christians Prepared For Merry Xmas

By THE ASSOCIATED PRESS

The eve of Christendom's happiest holiday today brought hours of last-minute bustle for Pennsylvania's groupings and an interminable vigil for the youngsters.

While the state's churches and their members were making every effort to keep the occasion in its true spirit, there were shadows on the horizon.

The weatherman was of no encouragement. There appeared little if any chance of an old fashioned white Christmas. Cold and mostly cloudy weather was the forecast for Christmas Eve and the big day to follow.

And the commonwealth's motorists were contributing a record of death and highway horror.

**Devout Christmas**

Despite these flaws, however, Pennsylvanians were headed toward one of the happiest, merriest, most devout Christmases ever.

Virtually every Protestant and Catholic place of worship in the state was planning special services to take worthy note of the birthday of Christ. Hundreds of midnight services were scheduled with choirs singing the traditional carols.

The larger department stores scheduled 6 p.m. closing hours to give hurried shoppers a chance to pickup that most-forgotten gift. Many smaller places of business planned to remain open well past that hour.

There was an abundance of the Christmas trappings. The poultry counters of super markets were still groaning with turkeys, chickens and ducks.

**Many Trees, Wreaths**

There were still more than enough Christmas trees, wreaths and mistletoe sprigs to go around.

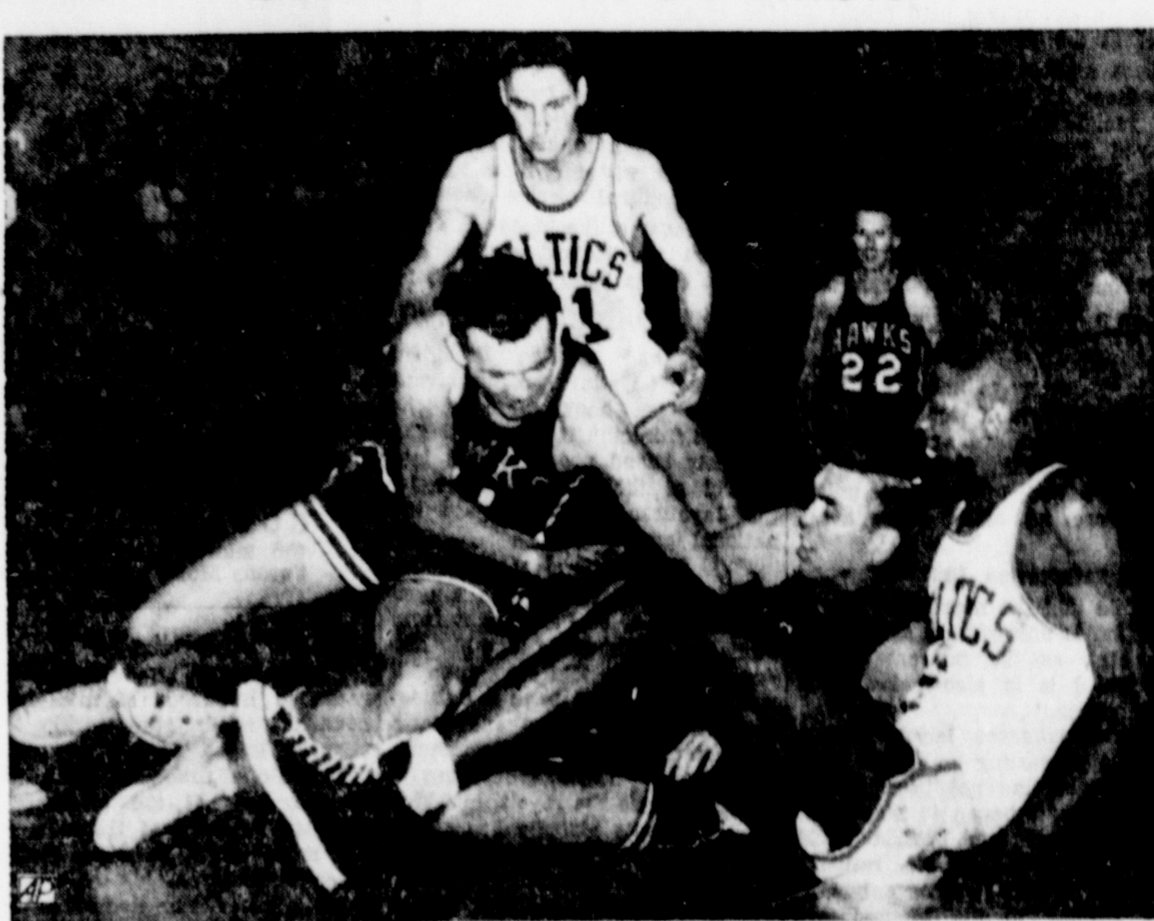

State police reported that the traffic crush of the previous 24 hours had eased, as might be expected, with most of the travelers already at their destinations for the Christmas family get-together. The railroads and airlines reported similar letups in the tremendous crush of the past two days.

But all forms of transportation were bracing themselves for the repeat performance to come as thousands head back home.

This year's staggering traffic flow brought extra precautions by state and local authorities. All available manpower was on duty to prevent tieups and handle accidents.

Local police, including those in Floyd L. Maurer, 49, died sudden the state's largest city, Philadelphia, intensified their campaign against the highway's worst menace—the drunken driver. Bars and

## Celtics-Hawks Scramble

Bill Russell, former Olympic basketballer, right, making his pro-debut, finds himself in a scramble for loose ball in third period against the St. Louis Hawks in Boston, Saturday. Playing for Boston Celtics, Russell scored six points as his team won the game, 95-93. Jack McMahon, left, and Charlie Share, next to Russell, both of the Hawks, are in on the play, as the Celtics' Bill Sharman, center, and the Hawks' Slater Martin, background, move in.

## NAME MANTLE MALE ATHLETE FOR THE YEAR

ANCHORAGE, Alaska (AP)—"Just like hitting a grand slam home run in the World Series."

Mickey Mantle says that's the way it feels to be named Male Athlete of the Year in the annual Associated Press poll.

"This is a real big thrill," he says, "the biggest I've ever known off the baseball field."

Mantle piled up almost twice as many ballot points (333 to 168) as his nearest rival Bobby Morrow, Olympic triple gold medal winner.

**Patterson Third**  
In third place was heavyweight champion Floyd Patterson. Bill Russell of basketball fame was fourth and the Yanks' no-hit, no-run, no-anything pitcher, Don Larsen, ranked fifth.

Mantle has been in Anchorage with the Bob Hope troupe entertaining servicemen at Alaska bases. He flew back to the States yesterday.

Mantle just about cornered baseball's honors this year. He won the "triple crown" of batting in the American League — the hitting, home run and runs batted in championships. He also led the league in scoring with 132 runs and wound up as unanimous choice as the league's Most Valuable Player.

**AL LOPEZ AND CUCCINELLO IN LONG TERM ACT**

By FRANK ECK  
AP Sports Editor

Manager Al Lopez of the Chicago White Sox and his third base coach, Tony Cuccinello, have much more in common than their 48 years.

For nearly one-third of their lives, 15 years to be exact, they have played or worked together in baseball.

They played four years with the Brooklyn Dodgers, often rooming together, and five years with the Boston Braves, from 1932 through 1940. You get to know a fellow in that time.

When the Braves sent "Cooch" to the Giants in 1940, Lopez went to Pittsburgh. Tony to infield and Al to catch. They were apart seven years, but in 1948 when Lopez took over the manager's spot at Indianapolis he brought Cuccinello with him.

**Recommended By Al**  
And where had "Cooch" been the previous year? Why in Tampa, Fla., managing the Smokers in Lopez's home town. Al had recommended Tony for the job.

For the last five years they have been in Cleveland. "Cooch" as the delightful Spaniard's first lieutenant, infield practice batter and third base coach.

They have come to know each other probably better than any two men in baseball. They have been

## M'COY VICTIM IN RING CLEANUP

SACRAMENTO, Calif. (AP)—State Athletic Commissioners planned a telephone conference today to put the finishing touches on an order revoking for life the California boxing license of matchmaker Herman "Babe" McCoy.

And the Commission Chairman, Dr. Dan O. Kilroy of Sacramento, said the license of about a "dozen" other California ring promoters or managers will not be renewed in 1957.

McCoy, if the Commission disbars him, will be the first casualty in a cleanup of California boxing promised last June when Gov. Knight appointed his "new broom" Commission.

The order contains nine counts against McCoy ranging from "fixing fights to cheating boxers to associating with known criminals," Kilroy said. "Any one of the nine would be enough to revoke his license."

pals since 1930. They are baseball's original Alphonse and Gaston act, both on the ultra polite side.

"They say Al is easy going, but don't let that fool you," warns Cuccinello. "Lopez never bowls one player out in front of another. But he can really eat 'em out when he gets them alone."

"With all due respect to Casey Stengel, for whom we both played five years, I think Lopez is the best manager in baseball. Al has been finishing right up there with less material."

"Lopez is a great handler of pitchers and, particularly, I'm thinking of Herb Stender, the Indians' fastballer. He (Lopez) kept Score in the box when he had reason to take him out. It helped the boy. He did that with many pitchers."

"When Score gets his fast ball and curve over the plate he's going to win at least 25 games a year. He did well winning 16 and 20 his first two years, but he can do better. He can strike out more batters and win more games with his curve than with his fast ball. He has a great fast ball, and last season he had better control of it. He could have set new strike out records with better control of his curve. He often would get two strikes on a batter with fast balls but would miss and miss again with his curve."

"I can't help but feel that Al had a lot to do with Score's success. Coach Mel Harder, of course, helped, too, but Lopez made the decisions and always with the boy's confidence and future in mind."

And what does Alphonse say about "Cooch," his Gaston?  
"I'm happy that Hank Greenberg (Cleveland general manager) permitted me to take him to Chicago. Tony knew how to play the game and he knows what coaching is all about."

## COLTS WIN ON LUCKY PASS

BALTIMORE (AP)—The Baltimore Colts almost fumbled away a National Football League victory yesterday before taking advantage of their one big break in the final 15 seconds to edge the Washington Redskins 19-17.

With time running out, rookie Quarterback John Unitas heaved a long pass downfield. The ball bounced off the shoulder of Washington's Norb Hecker and into the hands of Colt End Jim Mutscheller.

Mutscheller took two steps and a hard tackle drove him into the end zone for a 53-yard touchdown play that put Baltimore ahead.

Washington lost a chance for a second-place tie in the Eastern Conference (and additional money) by losing and wound up with a 6-6 record. Baltimore finished fourth in the Western Conference with a 5-7 mark.

**Other Turnouts**  
Minnesota is in the Queen City tourney at Buffalo, N.Y., Thursday. Northwestern is booked for the Motor City Classic at Detroit, which starts Friday. Michigan State is the "guest" team in the Big Seven shindig.

The Southwest Conference tourney at Houston, which numbers fourth-ranked Southern Methodist among its entries, begins Thursday. And the Blue Grass Festival kicks off Friday night with sixth-ranked Louisville, St. Louis, Duquesne and Dayton in the field.

## BIOLOGISTS TO AID VIRGINIA IN FISH STUDY

By W. L. JOHNSON JR.  
RICHMOND, Va. (AP) — Almost every morning two young men can be found below the dam at the University of Richmond Lake, seining for crappie (silver perch) and bream (blue gills).

But the fish, instead of winding up in the frying pan, are being used by Dr. Jack D. Burke and Dr. William S. Woolcott Jr. in scientific experiments.

The two biology professors are trying to find out how much oxygen a fish needs in order to survive, and how much pollution a stream can carry without lowering the oxygen supply below the level at which fish will live.

**Face Pollution**  
In the present industrial expansion, Virginia, like most states, is faced with the problem of stream pollution and the resultant loss of fish life.

Results of the experiments will be made available to the Virginia Water Control Board, which keeps tabs on the amount of industrial and other pollution in Virginia's streams, as well as to conservationists and industrialists.

The study at present is confined to crappie and bream, but will be expanded later to include large and small mouth bass, perch, catfish and all other major species of fish in Virginia waters.

**Oxygen Needs Vary**  
Burke and Woolcott expect to find that the oxygen a fish can carry in its blood stream and the amount needed for survival will vary with the species — that some fish can survive in water which will not support other species.

To find out how much oxygen a fish needs, the scientists will put fish in a tank of water of known oxygen content and will put fish in a tank of water of known oxygen content and will measure the oxygen at regular intervals. They will note when fish of the various species first show distress, and when they die.

Determining the oxygen capacity of the blood is more difficult. It involves extracting blood from the heart of the fish and then measuring the oxygen. It contains by means of a complicated chemical process.

## TOURNAMENT PLAY TO GIVE SOME ANSWERS

By BEN OLAN  
The Associated Press

The annual tournament madness hits college basketball this week and when the last shot is fired these questions will have been answered:

## TALLAHASSEE NEGROES WILL RIDE THE BUSES

TALLAHASSEE, Fla. (P) — Negroes prepared to resume riding the buses here again today. They said they will sit anywhere — and "turn the other cheek" if there is violence.

Mayor John Humphress called an emergency meeting of the City Council to consider the situation. Segregated seating is the law here.

The decision to resume riding the buses ending a 7-month-old boycott, was taken last night at a meeting of 400 members of the Negro Intercivic Council.

### Policy Of Nonviolence

A policy of nonviolence was urged even to the extent of asking Negroes not to defend themselves if attacked.

A "list of instructions" unanimously adopted says:

"If someone strikes you, turn the other cheek. If someone curses you, ignore it. If someone pushes you, keep your balance physically, mentally and spiritually."

"Do not hold conversations with anyone unless utterly necessary."

### Guard Against Riots

The Rev. C. K. Steele, council president, added a Negro should not go to the aid of another Negro if a fight starts. "That is the kind of thing that could start a riot," he said.

The instructions urged Negroes to sit more to the front of the bus rather than to the rear.

## Texan Turns Santa With \$100,000 Gift

BROCKWAY, Pa. (P) — Santa Claus wears a 10-gallon hat — Texas variety — as far as this town is concerned.

Vernon F. Taylor of San Antonio, a native of Brockway who has earned considerable money in the oil business, donated about \$50,000 a few years ago to help build a 16-acre park here. A few weeks ago someone mentioned a swimming pool might go well at the park for the kiddies.

Last night, Louie H. Franco, president of the Brockway Board of recreation, said Taylor had played Santa Claus again — this time with a \$100,000 check for the pool, which will be built next summer.

"From here on if a Negro sits in the back of a transit car, here or she is voluntarily segregating himself," the instructions said. "In order to break the seating pattern which we have grown accustomed to, we are requesting that you refrain from sitting on the rear end of the bus unless there are no other seats available."

### Segregation Unlawful

Steele told the meeting, "If segregation is unlawful in Montgomery, Ala., as the Supreme Court has ruled it is also unlawful in Tallahassee."

The Tallahassee law providing segregated seating on public transit vehicles has not been tested.

The boycott began in May after the arrest of two Florida A&M University students for refusing to move to the rear of a bus. It was similar to the Montgomery boycott, which ended last week with Negroes riding unsegregated.

## ARMY REVOLT ON SUMATRA IS GAINING FORCE

JAKARTA, Indonesia (P) — Indonesian government circles indicated today that the end is near for the government of Premier Ali Sastroamidjojo as a result of the spreading army revolt on Sumatra.

The government sources said Sastroamidjojo has only two alternatives — to resign or to send troops to quell the rebellion. But "the army will not fight against itself," political circles declared.

The leader of the bloodless army coup on the richest and second largest of the 3,000 Indonesian islands, Col. M. A. S. Simbolon, called for a reunion of President Sukarno and ex-Vice President Mohammad Hatta. The Sumatrans want to get back more of the revenue from the rubber, coal and oil their island produces and less control of their local affairs by the Javanese, who dominate the national government.

### Wants Crisis Now

Sukarno met today with a non-party member of Parliament from Sumatra, Mohammed Jamin. Afterward Jamin told newsmen it would be better to have a Cabinet crisis now so Sukarno and Hatta could take over the government.

Informed sources said there is a good chance the revolt, in which an army junta already has seized control in north and central Sumatra, may engulf south Sumatra.

The Indonesian Foreign Ministry confirmed the Cabinet would inform all foreign missions the government could not guarantee the safety of foreign missions in the areas affected. There are 500 Americans and substantial American investments on Sumatra. But there has been no report of any fighting or resistance to the army rebels, or of any danger to foreigners.

Plane communications were resumed with central Sumatra today, but not with north Sumatra. In Jakarta, outgoing news cables were still being censored heavily.

Many political leaders feared Sukarno would seize on the present crisis to set up a dictatorship. Long the most popular man in the country, he urged just over a month ago that a constitution be drafted rejecting capitalism, a federal form of government and the "liberal democracy of the West."

## POPE CALLS ON WORLD TO GIVE POWER TO U. N.

By JAMES M. LONG

VATICAN CITY (P) — Pope Pius XII has proclaimed the morality of defensive war and called on the world to give the United Nations "the right and power" to prevent aggression.

In some of the strongest words of his 18-year reign, the head of the Roman Catholic Church condemned communism in his annual Christmas message for trying "to impose on all peoples, in one way or another, a special and intoler-

able way of life."

The message was carried by radio to hundreds of millions in countries around the world.

### Right To Resist

The Pope made it clear that, in the eyes of the church, the freedom fighters of Hungary had the moral right to resist Russian force with force.

"It is clear," he declared, "that in the present circumstances there can be verified in a nation the situation wherein, every effort to avoid war being expended in vain, war—for effective self-defense and with the hope of a favorable outcome against unjust attack—could not be considered unlawful."

Against communism, he said, "only the unanimous and courageous behavior of all who love the truth and the good can preserve peace, and will preserve it." As usual, he did not call communism by name but he left no doubt of his target.

### Should Bar From U. N.

The 80-year-old pontiff said nations—such as Hungary— which

refuse to admit U. N. observers should be refused membership in the United Nations.

The world organization, he continued, should have "the right and power of forestalling all military intervention of one state in another . . . and also the right and power of assuming by means of sufficient police force, the safeguarding of order in the state which is threatened."

"Only in the ambit of an institution like the United Nations can promises of nations to reduce armament, especially to abandon production and use of certain arms, be mutually exchanged under the strict obligation of international law."

## 6 DEAD IN FIRE FROM CHRISTMAS HOSPITAL TREE

MINNEAPOLIS (P) — Six persons were dead today and doctors fought to save seven other patients who were in critical condition after a hospital fire sparked by a shorted Christmas tree light chain.

Heavy smoke billowing up from the lobby, where the fire started, caused the deaths yesterday.

A baby boy in an incubator was rescued from the blaze only to die a few hours later from a congenital heart condition.

### Roars Up Stairway

The fire, set off by defective wiring in a Christmas light chain, roared up through a funnel-like stairway off the lobby of Doctors Hospital, a 44-year-old 125-bed medical center.

The victims, all of whom suffocated, were identified as: Mrs. Ella M. Mullins, 82; Miss

Caroline Vale, 73; Mrs. Lydia Becken, 66; Mrs. Sara C. Stone, 59; Miss Mary S. Ballet, 47; and Clarence O. Green, 53, all of Minneapolis.

Stream of ambulances, public and private, jammed into the thickly populated district of Loring Park to bear victims of the early morning fire to alerted hospitals.

Firemen talked numerous patients from leaping from windows in the five-story structure.

"Some of the patients were knotting bedsheets and dropping them out of windows," said Miss Aagot Ramberg, an X-ray technician.

### Operator Calls Help

More than half a hundred — the holiday load at the hospital — were distributed among other institutions, the great majority to Minneapolis General Hospital, where 44 were being cared for today. Only one suffered burns.

Fire department and hospital placed the damage at \$100,000.

The fire, which broke out about 3 a. m., was first noticed by Miss Frances Meneefee, about 65, the night telephone switchboard operator.

rator. She summoned aid.

### Deaths On 3rd Floor

Nurses got most of the doors on second floor closed, saving many patients from suffocating. The deaths occurred on the third floor.

On the top floor a dramatic fight was waged by two nurses, Mrs. Cecilia Janick and Mrs. Barbara Brassil, for the lives of half a dozen babies.

Water-soaked diapers were put over the infants faces to keep them from inhaling the deadly smoke. Occasionally the women would hang their heads out the window to gasp some fresh air themselves.

## FARM CROPS IN STATE TOP '55 BY \$21 MILLION

HARRISBURG (AP) — The total value of all Pennsylvania farm crops during 1955 topped the 1955 value by 21 million dollars, the State Agriculture Department said in a report.

The department said higher yields of corn, hay, tobacco and potatoes, coupled with improving potato prices, helped boost the total.

In a year-end summary of crop production, the Pennsylvania Crop Reporting Service said the farm value of principal crops and fruits totals \$311,915,000 for 1955. This compares with \$290,525,000 for last year, an advance of 7 per cent. The higher yields of field crops offset declines in fruit.

The corn crop—of bumper proportions in central and south-eastern areas—led the advance with a gain of \$14,426,000 for a total of \$104 million dollars.

**High Acre Yield**  
Yield per acre at 56 bushels (shelled basis) was an all-time record for Pennsylvania. The total crop 71,736,000 bushels was second only to the record of 72,728,000 bushels in 1919.

All fruits except grapes showed declines in production and value this year compared with 1955. Value of the 1955 fruit production at \$18,877,000 was down 15 per cent from the \$22,335,000 total a year earlier.

Pennsylvania's acreage of crops harvested in 1955 declined sharply from 1955. Corn average was down 4 per cent, wheat 6 per cent, oats 4 per cent, barley 9 per cent, buckwheat 27 per cent and all potatoes 12 per cent. Increases were hay, 14,000 acres; tobacco, 500 acres and rye, 2,000 acres.

## Flier Dies In Crash Of Plane

DENVER Colo. (AP) — Lt. (jg) Fred R. Robson, 26, son of Mr. and Mrs. Fred Robson of Johnstown, Pa., was killed yesterday in the crash of his Navy reserve jet plane.

Robson, an employee of a mining company at Grand Junction, Colo., was on a routine weekend training flight from Buckley Naval Air Station. His plane "flamed out" and the craft crashed into a wheat field less than a mile south of busy Route 40.

The officer was catapulted from the plane by an automatic ejection device and his body was found 200 feet from the wreckage.

Lt. Robson was married to the former Barbara Long of Johnstown. The couple and their 5-month old child lived at Grand Junction.

The officer flew 69 combat missions in Korea.

## LOSES LEGS ON XMAS ERRAND

EVRETT, Wash. (AP) — Christmas will not be exactly as 9-year-old Robert Forbes Long had planned it, but his mother will get the Christmas present for which Robert nearly gave his life Saturday.

Robert lost both legs when a switching engine ran over him as he was hunting for bottles in the Northern Pacific railroad yards here. He told ambulance driver Lonnie Nichols he had been looking for bottles to sell "so I could buy Mommy a Christmas present."

He had already collected 16 cents for bottles when he went to the railroad yards. On his way to the hospital, he told Nichols he had lost the 16 cents.

Nichols told the story at the hospital. Someone handed Nichols some cash. Before long police,

WASHINGTON (AP) — President and Mrs. Eisenhower joined in singing Christmas carols during services at National Presbyterian Church yesterday.

It was a dreary, rainy day in Washington, but the First Family chatted amiably with the minister, the Rev. Edward L. R. Elson, exchanged greetings with newsmen on leaving the pre-Christmas services.

## DECLARES REDS HAD DEATH BLOW

WASHINGTON (AP) — Vice President Nixon said today international communism has suffered a mortal blow from which it cannot recover "as a result of the sacrifices of the Hungarian people."

Nixon made this comment at the airport here on returning from a study of the Hungarian refugee problem in Austria.

Nixon said he will make "specific recommendations" to President Eisenhower within the next week on "ways and means we can do our full share" in finding new homes for the 175,000 Hungarians who have fled Hungary rather than continue to live under Communist rule.

"I am convinced, as I return from a first-hand study of the situation," he said, "that the courageous people who fought for freedom in Hungary should be considered a problem only to the Soviet Union."

"As a result of their sacrifice, international communism has suffered a mortal blow from which it cannot recover. It has been exposed as a gigantic failure."

## 8 ROAD DEATHS ARE REPORTED

By THE ASSOCIATED PRESS  
Pennsylvania's highway death toll mounted to eight today with the actual Christmas holiday and the homeward-bound traffic crush yet to come.

The eighth victim was Andrew Benensky, 23, of Pottstown, who died in Pottstown Memorial Hospital, four hours after his automobile swerved off a road at Pottstown and plunged down an embankment after striking a guard rail.

A passenger, Paul Seascholtz, 22, of Pottstown R.D., told police Benensky was trying to pass another car when he lost control of his own machine. Seascholtz was treated for back injuries.

In addition to the highways death one Pennsylvania died in a fire and six others met death in miscellaneous accidents.

Three-year-old David Schaeffer burned to death as fire swept through his Berwick, Pa., home yesterday.

## SAFE WAYS TO LOSE POUNDAGE FOR A NEW 'YOU'

By VIVIAN BROWN  
The Associated Press

"The mailbag is chock-full of: 'How can I lose weight?' pleas. It seems lack of dates put a girl in the 'take a good look at yourself' mood. After all holiday parties are just a whistle a way.

The best way for young girls to reduce is by exercise and reducing the quantity of food eaten, if too much is being consumed, say the experts.

The many faddish diets going the rounds worry medical men who find that they (1) do not keep the weight off after strenuous reducing or (2) dehydrate you and may cause serious illness or (3) debilitate because of their imbalance.

### Correct Foods

Any safe and sane diet must include foods the body requires. If one is overeating these may be cut

down gradually. Eat a little less each day until you find a satisfying norm of a wide variety of foods. Avoid between meal nibbles and unnecessary sweets.

One of the best exercises for reducing is walking, and a good time is in the morning. It will help slim your hips, abdomen and thighs. The point is to walk briskly. Eat breakfast before the walk so that you do not increase your appetite by early morning exercise. A half-hour walk in the morning and a half-hour walk before or after dinner is ideal also.

Good exercises to do at home include these . . .

For the waistline — Stand with feet slightly apart keeping knees straight, bend down from waist, bending right hand to left foot. Repeat bending down placing left hand to right foot.

For the hips — Lie down on the floor. Raise right leg up as far as possible keeping arms outstretched and on the floor. Now swing right leg over left leg as far as possible aiming for the left hand (practically impossible but keep trying.) Do this 10 or 20 times or work up to it by adding a few extras every day.

A good exercise for the buttocks

## MALES PREFER PERSONALITIES TO GOOD LOOKS

By The Associated Press

How important is a good personality?

"It's the most important asset a girl can have," according to one popular young male student. "If she happens to be good looking with a nice figure too, more power to her. But my experience is that beautiful girls depend on their looks to carry them on to social success."

Pretty girls, he says, are not always the most popular because they think the world owes them some sort of special adoration. "Take a girl I dated recently," this 18-year-old student says. "She delayed us 15 minutes at home even though we were late for our date with another group, waiting somewhere for us. Then she pouted because she didn't like the evening's schedule, although she had nothing more constructive to suggest in the way of entertainment, even if we could have changed our plans."

### Mirror Worrier

When you are out with a beauty she is likely to spend a good deal of time gazing in the mirror, powdering and re-finisher her makeup. She worries about her looks constantly, this young man says.

He insists too, that pretty girls are usually bad sports. "The mere fact that they are good looking," he says, "seems to make them determined to shun any form of entertainment that will even muss their hair."

His examples include swimming, skating, skiing.

"Oh, yes they'll sit around in

is this one:

### Exercise Routine

Sit on the floor. Fold arms and then move across the floor by propping yourself along by moving one thigh and then the other. The trick is to do it faster and faster as you go along.

An exercise for a puffy abdomen is this one: Lie down on the floor, arms overhead, legs straight. Without moving your legs attempt to sit up, touching your toes with your hands. This is not an easy one to do, but it gets easier as time goes on.

If you do go in for the exercising method of reducing, it's a good idea to be strict with yourself about food. If you think that just because you are exercising you can eat more, that is a mistake. You can only lose if you combine the two: exercise and diet. But make sure the diet is a sensible one.

a bathing suit and look pretty but they don't want to get their hair wet or ruin their makeup," he says. "Also they may curtail the most tremendous wardrobe, riding clothes, ski stuff, skating skirts that are worn like a fashion show rather than to contribute to the activity planned for them."

This young man seems to feel that a girl with a winning personality automatically is entertaining, that she makes a sincere effort to be gay on a date, and that it just sort of goes with her type.

She is likely to be a better sport too, he says, enjoying any entertainment planned by her date, he says.

### What Male Likes

What does the average male dater like to do, this young man was asked "and whatever happened to the idea that when a man dated a girl he was supposed to take her to the place of her choice, regale her with his own sparkling wit and generally try to impress her with his charm, while she played it coy and feminine."

He doesn't think men want that kind of companionship any more, he says.

"There isn't time for all that," he says, "not with everybody hopping off to get married before they scarcely know each other. A man wants to know whether a girl will go on a fishing trip with him, whether she'll criticize his interest in baseball and hockey, whether she'll demand his presence in the home all the time, or whether she's the type who will respect him as an individual after they get married, enjoying the things he is interested in as well as the things she likes."

So it boils down to this, girls. You'll be popular with the opposite sex if you let them have their own way in most things which is exactly what they seem to resent in you.

Once more Christmas comes to remind us that "God hath chosen the weaklings of the world that He might put to shame the things that are strong." This blessed season returns to re-awaken in us the awareness that the things which endure are not the might and pomp, the wealth and splendor of the world, but the spiritual qualities that were incarnate in the Babe who was born in a stable and cradled in a manger. As Gilbert Chesterton has said,

"The crazy stable close at hand,  
With shifting timbers and sinking sand,  
Greed a mightier thing to endure and stand  
Than the square stones of Rome."

At this season when Heaven stoops to earth's need with redeeming grace, the Seminary extends warmest greetings to all.

## TWO MEN HURT ON SEWER JOB

Two workmen engaged in sewer line construction work in East Berlin remain in a serious though not critical condition at the Warner Hospital here where they were admitted Friday after suffering injuries while at work.

Hospital authorities list them as Elmer Bittle, 38, Littlestown, an employee of Vernon Reaver, Littlestown plumber. Bittle suffered second degree burns over a large part of his body in an explosion of gas set off when he lit a cigarette.

The other was Harvey Laughman, 35, East Berlin R. 2, who was injured when the fall of a five-foot ditch caved in on him while he was using an air hammer to break a rock formation. He was pinned against the handle of the air hammer, which was in full operation, by the collapsing earth banks.

The accident happened about 2:15 p.m. Friday. Laughman, an employee of Maitland Bros., Littlestown contractors, was taken to the office of Dr. Leon Roos, and then removed in the Hanover Fire Co. ambulance to the Gettysburg hospital.

## 20 Railroad Cars Derailed Sunday

SOUTH FALLSBURGH, N. Y. (U. P.)—Twenty cars of an 89-car freight train were derailed yesterday in the center of this Sullivan County village, tying up the main line to the New York, Ontario and Western railroad.

At Endicott, N. Y., in Broome County, 21 cars of a 142-car east-bound Erie freight train were derailed, blocking the double tracks. No injuries were reported in either accident. Cause of the derailments were not immediately determined.

Wrecking crews were sent from Susquehanna, Pa., and Hornell, N. Y., yards to Endicott, last night. It was hoped the track would be cleared sometime today.

Erie trains were routed over the Delaware, Lackawanna and Western tracks between Elmira and Binghamton.

## COUNTY FINED

Charles W. Marker, 33, of 529 S. Queen St., Littlestown, was fined \$50 and costs on a charge of disorderly conduct at a hearing Saturday morning before Justice of the Peace George A. Lippy, Hanover, after a warrant issued by Lippy after information had been filed by George N. Tsetseblis, of the Famous Weiner Lunch, Hanover, after a disturbance in the restaurant. Tsetseblis withdrew an additional charge of assault and battery on condition that Marker pay for damage caused in the disturbance.

WILL PROBATED The will of Sarah D. Gebhart, late of Mt. Pleasant Twp., has been entered for probate at the office of the county register and recorder. Three children, Irene G. and Donald G. Gebhart, Gettysburg R. 5, and Mary Gebhart, York R. 6, are the executors of the \$6,200 estate.

DRIVER FINED Juan D. Romero, 25, Gettysburg, was fined \$11.45 for reckless driving and \$6.45 for driving without a license, Friday in Frederick.

line and a bouffant skirt. She wore matching mitts and a shoulder-length veil trimmed with seed pearls. Her white orchid and stephanotis bouquet was carried with a Bible.

Maid Of Honor Miss Barbara Joanne Manning, 332 Hillcrest Place, was the maid of honor. She wore a Dior blue velvet gown designed with a bateau neckline ending in a V-shaped back with a dropped V-waistline and a bouffant skirt. Her headband was of matching blue and she carried a bouquet of pink and white carnations and feathered carnations.

Jack Lee Miller, 58 E. Middle St., served as best man.

The mother of the bride wore a toast brown lace dress over a beige satin sheath tied with a satin cummerbund ending in a flying panel. She wore a pillbox type hat encrusted with various shades of beige flowers and wore a mint green orchid corsage. The bridegroom's mother wore a powder blue fall dress with a scoop neckline, bouffant skirt and a fitted jacket. Her Juliet style black hat was trimmed with pearls and sequins. She wore a yellow orchid corsage.

Reception Is Held After the ceremony a reception as held at the Hotel Gettysburg. Later the couple left for a week's honeymoon in the New England states. She wore a salt and pepper tweed suit with a box jacket lined in white alpaca, a winter white brushed wool cloche and an orchid corsage. Upon their return they will live at 561 Hillcrest Place.

Both are graduates of the Gettysburg High School. Mrs. Minter is employed as an operator by the United Telephone Company. The bridegroom is stationed at the Carlisle War College.

Out-of-town guests were from New York, New Jersey and Pennsylvania.

WHITE XMAS IS NOT FORECAST By THE ASSOCIATED PRESS Generally clear skies and seasonable temperatures ranged over the western half of the country today, contrasting with rather unpleasant weather for preholiday traveling and shopping in much of the East.

It was colder from the eastern edge of the upper and middle Mississippi Valley eastward through Tennessee and the Ohio Valley to Middle Atlantic coastal states and the Carolinas.

Showers were in the works for the Ohio Valley and rain was expected along the Atlantic Seaboard.

Except for snow flurries in the Rockies, the Weather Bureau forecast generally fair weather from the West Coast to the plains states with higher temperatures in the northern and central plains.

Tornadoes struck isolated portions of the Deep South yesterday where heavy rains doused the Gulf Coast with 2 to 6 inches of rain. There were no deaths. One person was reported injured by twisters which shattered buildings in rural sections of Alabama and Georgia.

DAMAGED BY SHOTS Borough police reported Sunday that shots fired by an unknown person broke a picture window at the home of Mr. and Mrs. Lloyd Gilber, Taneytown Rd., and a side window on the car of Ralph Thompson, parked at 211 S. Washington St. The shooting apparently occurred late Saturday night or early Sunday morning.

## Wonderous Night

High upon our Christmas tree, A single shining star  
Sheds its light but modestly,  
Yet casts its warmth afar;  
Symbol of the Star — this gem —  
That gave its light to Three,  
That they might come to Bethlehem  
And worship joyfully.  
'Neath the star that tops our tree  
Are shining silver things,  
Reindeer, birds and brilliancy,  
And color fit for kings,  
Hand in hand the youngsters stand  
Picture now this fairyland  
And keep this wonderous night!  
Enchanted by the sight
